
Nintendo Ds Serial Number Check

The serial number for the Nintendo DS is located on the bottom of the system, just below the barcode. The number begins with the letters "NU" followed by . In Japan, beginning in November 2007, Nintendo gave away the DS for free. To get the console, you had to register and download the game Eggekitsu no Bouken (NDS game) for free from the Internet with the NUCLEAR BOOST built into it, which, allegedly, made it possible to fight viruses and bugs. As a result, anyone who played the game could get the DS for free. In the US and Europe, the first DS were distributed exclusively through stores. Later NDS also appeared in online stores.
