This is absolutely amazing. I can't get over how fun and adorable these monogrammed booties are. It's very unique and makes for a fun, girly accessory. Monday, January 14, 2015 Well, I'm getting married in a week and a half! My fiance is SUPER COOL and just found this site. He knew I'd love it and I absolutely love it. I'm thinking to take them out to dinner for our engagement and wedding in a couple of weeks.Q: Apy for line joining with additional info in each segment I have a line graph with over 600 lines and would like to join every two lines with a line with an additional info. For example: 1. top line - from Start to End 2. middle line - from Start to middle(time) 3. bottom line - from middle to End

I'm looking for a really easy way to do that. My Line is red, i'm looking for a blue line for some additional info (string, number, date, etc). A: Since you have to do it manually and the performance is poor if you simply use the feature of line, you can consider to do it with paths: import matplotlib.pyplot as plt import numpy as np def plot(l, time_from, time_to, info): l_spl = np.arange(len(l)) plt.figure(figsize=(12,12))
