A: I don't know where you found that code snippet, but it makes no sense. You can't just pipe the output of wget to cat and read the output of cat with your wget. It's as if you would pipe the output of ls to cat. I can only guess you want something like this: `wget --output-document=C:\Temp\stu.txt -d"-f2-`

About Me I am a beginner crocheter, I started crocheting about a year ago. I am wanting to learn to make scarves from Diane Gatti's "Simply Crochet Scarves". She says to just crochet a rectangle, then when it's done you can add your stitch pattern. I need to make sure I can do this before I try anything complicated, so I've been making a lot of scarves. Scarf This is the second scarf I've made, it's a simpler scarf than the first one. It's got a ribbed border, and it's done in only two colours. This is based on the original pattern from Diane Gatti's book "Simply Crochet Scarves". I really enjoyed this scarf, I'll probably be doing more projects like this. I've learned the importance of working two strands at a time, so now that I know I can do two strands, I'm sure I'll be able to do more things. I really enjoy making this, I really enjoy how it feels, and the fact that I didn't need to make one up, I already had this kind of scarf in my stash. 0 Comments: About Me I am a beginner crocheter, I started crocheting about a year ago.
